INTRODUCTION AND GENERAL INDEX

HILL DIRECTORY CO., Inc., publishers of Southeastern Directories (publishers of the Winston-Salem City Directory since 1932), present to subscribers and the general public, this, the 1957 edition of the Winston-Salem City Directory, which also includes City View, Montview and Park Terrace.

Confidence in the continued growth of Winston-Salem's industry, population and wealth, and in the advancement of its civic and social activities, will be maintained as sections of this Directory are consulted, for the Directory is a mirror truly reflecting Winston-Salem to the world.

The enviable position occupied by HILL'S Directories in the estimation of the public, has been established by rendering the best in Directory service. With an unrivaled organization, and having had the courteous and hearty cooperation of the business and professional men and residents, the publishers feel that the result of their labors will meet with the approval of every user, and that the Winston-Salem Directory will fulfill its mission as a source of authentic information pertaining to the community.

Four Major Departments

The four major departments are arranged in the following order:—

I. THE YELLOW PAGES constitute the first major department of the Directory. This embraces a complete list of the names and addresses of the business and professional concerns of the city, arranged in alphabetical order under appropriate headings—a catalog of all the activities of the city. Preceding this catalog, likewise grouped under appropriate headings, are the advertisements and business cards of firms and individuals desiring to present a more complete list of their products or services than is possible in the catalog itself. The Yellow Pages represent reference advertising at its best, and merits the attention of all buyers and sellers seeking sources of supply or markets for goods. In a busy and diversified community like Winston-Salem, the necessity of having this kind of information up-to-date and always immediately available, is obvious. The Directory is the common intermediary between buyer and seller, and plays an important role in the daily activities of the commercial, industrial and professional world.

II. THE ALPHABETICAL LIST OF NAMES of residents and business and professional concerns is the second major department, printed on white paper. This is the only record in existence that aims to show the name, marital status, occupation and address of each adult resident of Winston-Salem and vicinity, and the name, official personnel, nature and address of each firm and corporation.

III. THE DIRECTORY OF HOUSEHOLDERS, INCLUDING STREET AND AVENUE GUIDE, on pink paper, is the third major department. In this section the numbered streets are arranged in numerical order, followed by the named streets in alphabetical order; the numbers of the residences and business concerns are arranged in numerical order under the name of each street, and the names of the householders and concerns are placed opposite the numbers. The names of the intersecting streets appear at their respective crossing points on each street. Special features of this section are the designation of tenant-owned homes and the listing of telephone numbers.

IV. THE NUMERICAL TELEPHONE DIRECTORY, on blue paper, is the fourth major department.

Community Publicity

The Directory reflects the achievements and ambitions of the community, depicting in unbiased terms what it has to offer as a place of residence, as a business location, as a manufacturing site and as an educational center. To broadcast this information, the publishers have placed copies of this issue of the Directory in Directory Libraries, where they are readily available for free public reference, and serve as perpetual and reliable advertisements of Winston-Salem and vicinity.

The Winston-Salem Directory Library

Through the courtesy of the publishers of the Winston-Salem City Directory, a Directory Library is maintained in the offices of the Winston-Salem Chamber of Commerce for free reference by the general public. This is one of more than 700 Directory Libraries installed in the chief cities of the U. S. and Canada by members of the Association of North American Directory Publishers, under whose supervision the system is operated.

The publishers appreciatively acknowledge the recognition by those progressive business and professional men who have demonstrated their confidence in the City Directory as an advertising medium, with assurance that it will bring a commensurate return.

CASHIERS! TELLERS! — CLERKS! —

**Do your employers furnish you with
the latest edition of the City Directory?**

You need it at your elbow at all times, to protect your company from forgers and bad-check artists. A few questions, checked against City Directory information, will trip them at once. Intelligent use of the City Directory for this purpose has saved thousands of dollars and helped make some cities "too sharp" for bad-check "operators."

WINSTON-SALEM

CITY OF HISTORIC CHARM AND THRIVING INDUSTRY;
THE WORLD'S TOBACCO CENTER

(Courtesy Winston-Salem Chamber of Commerce)

HISTORY

Rich and varied is the history of Winston-Salem, for the city of today is the product of two centuries of constructive, planned growth.

In 1752-53 a small group of Pennsylvania Moravians, a Protestant denomination of Bohemian origin, carefully selected and bought a large tract of land in Piedmont Carolina at the three forks of the Yadkin River. They named the tract "Wachovia" after the Austrian estates of Count Nicholas Louis von Zinzendorf, an early protector-patron of the sect. Two settlements were established, Bethabara in 1753 and Bethania in 1759. In 1766 a new settlement was carefully laid out in the center of the Wachovia tract and built according to definite plans. The tranquility-loving Moravians named their new town Salem, meaning "peace."

The small town grew rapidly under the care of the industrious fathers. A water system was established and dwellings, stores, and shops built. Tobacco was even then an important crop. The fathers consecrated a graveyard, "God's Acre," and founded a girls' school which has developed into the Salem Academy and College of today.

The Revolutionary War brought to the thriving town Nathanael Greene's soldiers, and in 1781 Cornwallis passed through Salem. The years after the war until the middle of the 19th Century were marked by such events as the establishment of the Nissen Wagon Co. in 1787; a visit from George Washington in 1791; the dedication of the Home Moravian Church in 1800; the first edition of Blum's Almanac in 1828; and the opening of the first bank in 1847. Cotton and wool manufacturing companies had been organized, and Salem by 1850 was a prosperous center of religion, learning and industry.

By an act of legislature in 1849, Forsyth County was created from Stokes County. The county seat was established one mile north of Salem Square. In 1851, again by act of legislature, the new county seat was named "Winston" in honor of Major Joseph Winston, Revolutionary War hero. Salem was incorporated in 1856; Winston in 1859.

Winston developed rapidly as an industrial center and market. The year 1872 saw the first tobacco auction and the opening of the first tobacco factory. In 1885 the Chamber of Commerce of Winston and Salem was organized by far-sighted leaders who realized that together the two towns must build for the future. By the time of consolidation, Winston was already known for its textiles, hosiery, blankets, knit goods, tobacco products, and tobacco market.

In 1913, by popular vote, Winston and Salem were consolidated as Winston-Salem, the "Twin City." The new city took as its motto "Urbs Condita Adiuvando," meaning "A City Founded Upon Co-operation." This motto puts into modern phraseology the old Moravian concept of "Unitas Fratrum," "A Unity of Brethren."

INTRODUCTION

Winston-Salem today is the leading industrial city of North Carolina and one of the South's leading industrial cities. The annual value of Forsyth County's manufactured products is over \$1,000,000,000. The best of the old and the best of the new blend to make a progressive city still marked by a deep religious atmosphere, a love for music and arts, and a zeal for broad educational development. As did their fathers of yesterday, far-sighted citizens of today build always for the greater city of tomorrow.

Salem Tavern, 800 S. Main, erected in 1784, was first brick building in Salem. George Washington visited the Tavern in 1791 during his Southern Tour. As a house museum, it now offers visitors a glimpse into one of the South's best known 18th Century inns.

Lick-Boner House, 512 S. Liberty St., 1787, was the first project of the eight completed Old Salem, Inc., house restorations thus far in a long-range program. One room is furnished as a memorial to John Henry Boner, the North Carolina poet, who was born in the house in 1845.

Home Moravian Church, S. Church St., erected in 1800, was the heart of the early Salem community, and is the center of the Moravian Church activities in the South. It is here that the opening scene of the Moravian early Easter morning service is held. This Easter Service, one of the most widely known religious services in America, has been held for over 150 years, and attracts from 30 to 40 thousand visitors annually.

"God's Acre," or Moravian Graveyard, S. Church St., contains more than 3,000 graves, all having similar, flat markers to symbolize the brotherhood and equality of man. There are no family plots. The graveyard has been used by Moravian congregations in the city since 1771, and is the closing scene of the Moravian Easter Service.

Brothers' House, 600-04 South Main St., 1769 and 1786, is the second oldest house still standing in Salem. It was here that the young boys of the community went to learn their trades. Building is now the Moravian Church Home.

Sisters' House, Salem Square, 1786, housed the single sisters of early Salem. House is now used as a dormitory for Salem College.

John Vogler House, 700 S. Main Street. House built in 1819 by a silversmith and clockmaker, is a refinement of the traditional architecture of 18th Century mid-European domestic architecture which was used in early Salem. House is now a third exhibit building of Old Salem, Inc., the restoration organization.

"Fourth House," 450 S. Main St., erected in 1767, is the oldest building still standing in Salem. Was home of an early saddlemaker. The house was restored in 1940 by the Forsyth County Committee of Colonial Dames, and is now rented.

Belo House, 455 S. Main Street. Handsome antebellum mansion with Corinthian columns and elaborate iron grille, was erected by Edward Belo in 1849. Belo conducted a store on the main floor of the building, and his dwelling was on the second story. Building was at one time used as an Inn. Now belongs to Moravian Church and is an apartment house for ladies.

Salem College and Academy, Salem Square, is one of the first Girls' Schools in the South, and is oldest in continuous operation. Established by the Moravians as a day school in 1722, it became a boarding school in 1802. The college buildings, on a 50-acre campus, are designed in the characteristic mid-European domestic architecture, prevalent in Salem.

CASHIERS! TELLERS!

— CLERKS! —

Do your employers furnish you with
 the latest edition of the City Directory?

You need it at your elbow at all times, to protect your company from forgers and bad-check artists. A few questions, checked against City Directory information, will trip them at once. Intelligent use of the City Directory for this purpose has saved thousands of dollars and helped make some cities "too sharp" for bad-check "operators."

Out of Sight! • Out of Mind! • Out of Business!

The importance of keeping firm and product names in the public eye is recognized by all business men. It is astonishing to see how a firm or product, however meritorious, will slip into the limbo of the forgotten if not persistently advertised.

The City Directory is the natural medium for keeping a business or product name in the spotlight. *Insist on being well represented in its pages.*

FOLDOOR GIVES YOUR HOME
NEW Utility, NEW Flexibility, NEW Beauty

Tuck your kitchen out of sight with a touch of your fingertips. Give your dining room a cozy, intimate atmosphere with FOLDOOR — the new improved fabric covered folding door.

Smart home owners use FOLDOOR as a movable wall to divide a big room into two smaller rooms — to create a "TV den" to gain space by eliminating conflicting swing-type doors.

FOLDOOR fabrics come in many lovely harmonizing colors. They're durable, washable and fire-resistant. The steel FOLDOOR frame is rigid, rust-resistant.

Drop in for a
demonstration, today.

Out of Sight!

Out of Mind!

Out of Business!

The importance of keeping firm and product names in the public eye is recognized by all business men. It is astonishing to see how a firm or product, however meritorious, will slip into the limbo of the forgotten if not persistently advertised.

The City Directory is the natural medium for keeping a business or product name in the spotlight. *Insist on being well represented in its pages.*

**Do your employers
furnish you with the
latest edition of the
City Directory**

?

You need it at your elbow at all times, to protect your company from forgers and bad-check artists. A few questions, checked against City Directory information, will trip them at once. Intelligent use of the City Directory for this purpose has saved thousands of dollars and helped make some cities "too sharp" for bad-check "operators."

CAUTION

Pay no money in advance to itinerant Directory canvassers. We are led to mention this from the fact that certain parties have been fraudulently using our publications as specimens, and by that means collecting money in advance. Before signing an order, see that it has the name of the publisher of this City Directory printed thereon. We ask no payment until the work is delivered, and our solicitors have strict orders not to take advance payment for either advertising or subscriptions.

"r" — RESIDENT

"h" — HOUSEHOLDER

"r" AND "h"

Two important symbols are used in your City Directory. The symbol "r," before an address stands for "Resident." That person resides at that address but is not the head of the family or family head. The symbol "h" stands for "Householder"—the person in whose name the home is occupied.

**Please! Do Not Lend Your
CITY DIRECTORY**

IT COSTS YOU MONEY—Every Time it Is Loaned

The practice of lending your City Directory, in a great measure, is responsible for the increasing cost of Directory Service.

The reason is:—

There is a definite cost involved in the making of the DIRECTORY of Your City.

THIS COST MUST BE ABSORBED BY THE SUBSCRIBERS—BE THEY ONE—OR BE THEY 1000.

If there were but ONE SUBSCRIBER to the CITY DIRECTORY—THE ONE SUBSCRIBER would of necessity have to absorb THE WHOLE COST.

If there were 100 SUBSCRIBERS—each one would have to absorb 1/100th PART OF THE WHOLE COST.

If there were 1000 SUBSCRIBERS—each one would have to absorb 1/1000th PART OF THE WHOLE COST.

From which it is obvious that the GREATER the number of subscribers —the LESSER the cost to each.

And

It is also obvious that the LESSER the number of subscribers—the GREATER the cost to each.

Every time you loan your City Directory the LESS NECESSITY THERE IS FOR THE BORROWER TO SUBSCRIBE FOR THE SERVICE.

MORE BORROWERS result in FEWER SUBSCRIBERS which means INCREASED COST.

THE PUBLISHERS

This formula has no unknowns!

S=Service. Q=Quality. R=Reliability.

and they all add up to Noland Company.

It's been proved time and again. You *can* rely on

Noland for the finest products of America's manufac-

turers and the personalized attention of experienced employees.

Please! Do Not Lend Your CITY DIRECTORY IT COSTS YOU MONEY—Every Time It Is Loaned

The practice of lending your City Directory, in a great measure, is responsible for the increasing cost of Directory Service.

The reason is:—

There is a definite cost involved in the making of the DIRECTORY of Your City.

THIS COST MUST BE ABSORBED BY THE SUBSCRIBERS—BE THEY ONE—OR BE THEY 1000.

If there were but ONE SUBSCRIBER to the CITY DIRECTORY—THE ONE SUBSCRIBER would of necessity have to absorb THE WHOLE COST.

If there were 100 SUBSCRIBERS—each one would have to absorb 1/100th PART OF THE WHOLE COST.

If there were 1000 SUBSCRIBERS—each one would have to absorb 1/1000th PART OF THE WHOLE COST.

From which it is obvious that the GREATER the number of subscribers—the LESSER the cost to each.

And

It is also obvious that the LESSER the number of subscribers—the GREATER the cost to each.

Every time you loan your City Directory the LESS NECESSITY THERE IS FOR THE BORROWER TO SUBSCRIBE FOR THE SERVICE.

MORE BORROWERS result in FEWER SUBSCRIBERS which means INCREASED COST.

IN ADDITION to names and addresses, your City Directory contains much detailed information concerning the people of your community. In order to list this information certain symbols and designations have been developed which enable important statistics to be compressed into the smallest possible space. You will receive far greater benefits from your City Directory if you familiarize yourself with the symbols and what they stand for.

In checking credit applications, in conducting direct mail advertising programs, in planning sales campaigns, in building prospect lines, and in scores of other ways your City Directory will prove of invaluable assistance.

AIDS TO PROPER MAILING

Write name and address plainly and completely.

Place name and address of sender on all matter.

Prepay postage fully on all letters and parcels.

Always address mail for city delivery to street and number and request correspondents to do likewise.

Use designation North or South, East or West when it is a proper part of the address and save delay in delivery.

Insure valuable parcels except those containing small articles of considerable value which should be registered. Wrap parcel post carefully in heavy paper and tie knots securely.

You will often gain a day's time in delivery by depositing mail as soon as it is ready.

Use Postal Unit numbers on mail addressed to cities where Unit Numbers are required.

March and September.

POLK'S BANK DIRECTORY reports December 31 and June 30 status of the 14,700 banks operating throughout the United States. Each listing includes the statement, officers, directors, correspondents and other general data of banks.
